St. Peter's Church on the shore of Massabesic Lake nestles between pines with its tall aluminum spire serving as a landmark at the entrance to our Town.

For over 20 years the citizens of Auburn of the Roman Catholic faith worshiped in what once was Massabesic Inn, a relic of another era.

The new St. Peter's architecture retains the ancient Gothic forms, yet captures the modernistic lines of the Space Age.

The interior of the Church accomodates a congregation of 600—the parish hall in the basement holds 700 people.

The parish house designed for the Pastor and two future curates is connected to the Church by the parish office.

The generosity of the Parishoners has made this modern structure possible giving Auburn two outstanding Houses of Worship that are second to none in their unique beauty,

The Auburn Volunteer Fire Association responded to 21 calls this year. We maintain 3 Red Phones and someone is available at **ALL** times to take your call. To report a fire call 3-2521.

In less than 2 minutes men and equipment will be on the way to help you. Three trucks carrying over 8 tons of water respond to all fires in the town. These 3 trucks have a total pumping capacity of 2,000 gallons a minute with sufficient hose to get water to any fire in town.

Please write in the first page of your telephone directory under FIRE 3-2521.

Meetings of the Fire Department are held in the first Monday of every month at the Fire House.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience—a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump—its safer. A neglected backyard incinerator causes many fires.
3. Never discard a lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Auburn, New Hampshire
I hereby submit my first annual report as Superintendent of
Schools.

PERSONNEL

The annual report last year contained the statement "In the last three years there have been 11 changes in 7 positions." This September increased that number to 17 changes as only two of the teachers returned to the school. We were most fortunate to secure the following replacements:

The Junior High position and Grade 7 Home Room was filled by Mrs. Phyllis Hamblett of Salem, New Hampshire, a graduate of Marietta College with teaching experience in Connecticut.

Grade 6—Mr. Paul Doucette of Manchester, New Hampshire who was graduated from Keene State College with teaching experience in Londonderry, New Hampshire and Derry, New Hampshire.

Grade 4—Miss Jean Sweeney of Concord, New Hampshire, a graduate of Keene State College with practice teaching experience in Concord, New Hampshire.

Grade 3—Miss Janice Hawkins of Berlin, New Hampshire, a graduate of Keene State College with practice teaching experience in Concord, New Hampshire.

Grade 2—Mrs. Carol Mae Jones, of Derry, New Hampshire, a graduate of Muskingum College with teaching experience in Maine.

It was necessary to hire a substitute for Grade one as qualified Grade one teachers were very scarce. We were most fortunate to have Mrs. Mary Freitas of Manchester come back to take this assignment after the Christmas Holiday.

We are all concerned with the *turnover* in the teaching profession and more particularly in Auburn because the children really suffer educationally when a school loses six out of eight teachers nearly every year or has 17 changes in four years. We must secure and *hold* the best staff possible. Fringe benefits, salaries and good working conditions hold to a great degree the answer.

HOUSING

Auburn should consider appointing a Building Survey Committee to study the rising enrollments and the resulting need for more classroom space. New Homes and the resulting move ins are adding to the crowding in some of the lower grades.

Your school board has continued to maintain and improve the physical conditions of the Auburn School. I believe, however, that a full time custodian would benefit the maintenance program to a great extent and would be money well spent.

CURRICULUM

The School Board has authorized the purchase of many new textbooks which will enable the teachers and pupils to study from up to date materials.

Several in-service teachers meetings have been held in the areas of spelling, reading and arithmetic and more are planned for the future.

We are attempting to strengthen our educational program by making use of the achievement test results which enables us to bring added emphasis in weak areas of the curriculum.

APPRECIATIONS

I wish to thank the P.T.A. and other organizations and individuals who have contributed time, money and materials and support for a good school system. Many thanks for all that is done for the children.

In conclusion I wish to thank the School Board, Principal, Teachers and pupils for their cooperation in working at all times for a better educational program.

Respectfully submitted,

Robert W. Dolph,
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board and the Citizens of Auburn:

The Auburn School opened the year with a slight increase in enrollment over that of last year and steadily increased to 252 pupils at one point during the year.

Special activities have included: Open House in May; participation in an organized baseball league; two one-act plays put on by our seventh and eighth grades; Minstrel show; participation in the State Spelling Bee in which Linda Kula of Auburn won the Inland Rockingham County Championship and went on to the State finals; Parent-Teacher Conferences prior to P.T.A. Meetings; and the annual holiday programs and parties.

The following class field trips were also organized:

- Grade 1-3 Bensons Wild Animal Farm
- Grade 4 State House in Concord
- Grade 5 Bear Brook Reservation for a wildlife lesson
- Grade 6 Several business organizations in Manchester, N.H.
- Grade 7-8 Boston Museum of Science

The success of any school depends upon the cooperation of everyone. It has been my good fortune to have a teaching staff that has helped me in many ways and parents who have extended their cooperation in making this a successful year. I would like to say many "thanks" to the Supervisors and District Officers, the school nurse, the custodian and the bus drivers for their help and valuable assistance.

Respectfully submitted,

Fred E. Currier, III
Principal

SCHOOL HEALTH REPORT

A good school health program is the result of the combined efforts of the entire staff and community. The teacher continues to be the key person in the establishment of a healthy classroom environment. Good health habits are gained by constant usage and imitable patters. Cooperation between home and school is the greatest asset in maintaining a good health program.

Vision and hearing tests were done on all children during the year. Of the 240 visual tests done, 12 children were referred for eye examinations by their own doctor. Of the 233 hearing tests 6 were referred for further examination.

Mrs. Marjorie Plaisted, state dental hygenist, visits the classrooms twice during the year. She orients the teachers in planning and securing materials in conjunction with the dental health program.

The tuberculin patch testing program was conducted during the month of May. 107 children in grades 1, 3, 5, and 8, whose parents so desired, received the patch test. The portable X-ray unit was set up at Grinnell school, where 2 children who had positive reactions received chest X-rays.

The pre-school registration clinic was held in May for all entering school in September. At this time each child receives a vision, hearing and motor coordination test. The dental hygienist is present to conduct dental examinations and make necessary recommendations. The nurse also gets a complete medical history of the child. 23 children were registered at the clinic

A speech clinic was held in Derry with the purpose of determining the need of a speech terapist in this area. 8 children from Auburn were evaluated at this clinic. The number of children referred for therapy certainly indicated that such a need exists.

Report of Communicable Diseases:

German measles - 1; Mumps - 4

Home visits - 6

Children attending Clinics:

Orthopedic - 1

Respectfully submitted,
Rae Sives, School Nurse

REPORT OF THE ASSISTANT SUPERINTENDENT

It is my pleasure to present this report to the citizens of Auburn for the year ending June 30, 1963.

It appears that Auburn must soon start making plans for a very interesting, challenging and rapidly changing period of growth. With proper planning and foresight this can work to the advantage of your educational system.

It needs above all, the thoughts from and the advice of, our total population.

The mechanics of such a study are presented to the district by your School Board in this years warrant. It seems as though this procedure is of vital importance at this time. The housing situation while not critical at the moment is becoming a matter of concern as time goes by.

There is a need for upgrading our offerings, particularly in the areas of reading and mathematics. Some progress is being made as will be reported in other areas of your annual report.

The world of competition in education is changing and intensifying so rapidly that it is almost impossible for our generation to realize the pressures upon our young people.

In terms of easing these pressures, we must, considering all things, and to the best of our ability, try to improve their success in competing for education, jobs and even survival.

I wish to take this opportunity to thank the people of Auburn, the School Board, Mr. Dolph and members of the Faculty and Staff for making this a very pleasant year.

Respectfully submitted,

Ira A. Stickney
Assistant Superintendent
of Schools
